5	ALL	Changing the message display area

Bug Fixes

No	Functions	Fixes
1	Files	When a file is deleted on the search result screen, the screen collapses
2	Files	Even if the space name is edited by direct list editing, the edited content is not reflected in the tree on the left.
3	Viewer	Browser printing does not work for public spaces and shared links even with downloadable settings
4	Viewer	Cannot preview from shortcut
5	File properties	Unable to register URLs including? Etc. in the URL of custom items
6	upload	Failure may not be displayed on the screen as failure
7	upload	Does not inherit the values of required custom items when upgrading
8	File chat	When entering kanji when mentioning, candidates may be displayed for a moment and disappear
9	File chat	The language of the receiving user is not applied to the mention email
10	share	Tree is closed after user search
11	share	If sharing settings are made after searching, sharing of users not included in the search will be removed
12	Shared link	Public mail is sent even if the public period has expired
13	Shared link	When the embedded link is enabled, only one trail is listed even if two emails are sent.
14	Delivery	When delivering to a Salesforce personal account, the personal name is displayed in two lines in the email body.
15	Delivery	Some of the advanced settings are not displayed when streaming from related lists
16	Workflow	Unable to update pending file in upload dialog
17	Workflow	Floating button remains after approval
18	Dashboard	In the Salesforce version, the dashboard tab is not restricted even though it is disabled by system privileges
19	User Management	Number of effective users does not match in dashboard, user management query view, and number of extracts after export
20	User Management	For older editions, the old UI will be displayed when the imported user logs in
21	User Management	If there are many partners, there are too many options to choose
22	User Management	Setting a value exceeding 5GB for the user usage limit during a trial only in the Salesforce version does not result in an error
23	User Management	User enablement in user management of Fleekdrive setting may not work only in Salesforce version
24	User Management	Cannot search for itself only in Salesforce version
25	User information details	The distribution usage exceeds the set value, but it is within the threshold on the graph.
26	Shared user extraction	Cannot output if there is a large amount of target space
27	Department / Position	User selection list may be corrupted on the screen to add a user to a department
28	Disk space limit	Threshold unit is Byte
29	life cycle	Notification settings can be made even for unusable users
30	PDF security	Cannot be set if there is a large amount of space
31	Chatter posts	When there are multiple communities, groups other than the community you are currently logged in to are displayed in the posting options.

Bug Fixes

No	Functions	Fixes
32	Chatter integration	If there is no access right to the user object "Chatter linkage", files are not automatically posted even if uploaded to the Fleekdrive related list
33	Fleekdrive related list	For custom domains, sandboxes, and custom related lists, you cannot deliver from the Freekdrive related list
34	Fleekdrive related list	D & D cannot be uploaded when search text is displayed on the association screen
35	Fleekdrive related list	Loading does not end when displaying cover flow in LightningExperience
36	Fleekdrive related list	Text cannot be edited
37	Fleekdrive related list	After creating a subspace in the associated space, if you change the space name by direct editing, there will be two spaces with the name before and after the change.
38	Fleekdrive related list	An error dialog may be displayed when the column width is changed

## Bug Fixes(OnlineEdit)

No	Functions	Fixes
1	SpreadSheet	The screen collapses with a specific Excel file
2	SpreadSheet	Excel file with password may not open
3	SpreadSheet	Conversion of Excel file containing EMFWMF image may fail
4	SpreadSheet	Cannot generate continuous date data with the fill function
5	SpreadSheet	When a fixed frame is set, if the screen is scrolled by search, the drawing of the fixed frame part is broken.
6	SpreadSheet	No filter suggestions
7	Document	Cannot change table cell line
8	Document	Fill color and text color change when moving table cell border
9	Document	Cannot break a line in table text
10	Document	The paragraph number changes when moving a line break or ruled line in the table
11	Document	Clicking the table border on the second page changes the text position in the table
