Functional Improve

No	Functions	Fixes
1	Upload	If network communication is disconnected during file upload and the update fails, it will be re-uploaded when network communication is restored.
2	Upload	When taking pictures in succession, upload multiple pictures at once.

Bug Fixes

No	Functions	Fixes
1	Push Notification	If you tap the workflow push notification while logged out on FD Mobile, MySpace will be displayed after login.
2	Smart Rule	When you tap the push notification when logging out and then log in, the initial space is displayed and you do not move to the corresponding space in the smart rule.
3	Share	When you tap the push notification when logging out and then log in, the initial space is displayed and you do not move to the shared space.
4	Delivery	If you enter the destination directly, you can add a destination that is not an empty destination or email address and send it.
5	Delivery	With the file addition function on the distribution screen, you can select and distribute even in non-delivery spaces such as My Documents.
6	Delivery	The error message when "Subject" is not entered is "Please enter" Title "" and it is not unified.
7	Delivery	You can send without error message even if there is no delivery file.
8	Share Link	When the shared link screen is opened by selecting files A and B with manual password and automatic password at the same time, the operation is different from the PC version.
9	Upload	If you select a photo and delete the file name by renaming the upload screen, you can upload without the file name.
10	Upload	I selected Fleekdrive in the shared app from the memo function of iPhone, but it is not uploaded.
11	Favorite	When I open the file properties, the space path field is blank.
12	Favorite	Thumbnails are not displayed in the favorites list when adding images to favorites on FD Mobile.
13	Multi Language	When the language of the terminal is changed to Chinese, "User" is displayed in the password part.
14	Text Create	The "Create Text" menu is displayed even though I do not have online editing privileges
15	Space name Display	If "&" is attached to the space name, "& amp;" is displayed when displayed on FD mobile.
