Functional Improve

No.	Function	Detail
1	Enhanced security	Improved encryption strength of user account information.
2	File delivery, Share links, Public spaces	Added the function to send the password to the sender instead of sending it to the destination as PPAP support for sending the password of the delivered mail, shared link, and public space.

Bug Fixes

No.	Function	Detail
1	File Viewer	When refer to a specific PDF, the characters and figures in the PDF are not displayed.
2	Office Addin	When switch the language of Fleekdrive to English, the English characters on the office add-in setting screen are cut off.
3	List View	When select the "Excel" list view that is preset for file sharing, the API is returning a 400 error and loading does not stop.
4	Public Space	Viewing public spaces does not reflect the publisher's custom authorities.
5	User Management	The lock icon is displayed when the expiration date is changed for the expired user who has set the expiration date at the time of import.
6	System Authority	Certain system authorities "Upload extension setting", "Delivery Rules", "Workflow Definitions, "Reset security token" are displayed as off.
7	Access Authority	"Delete" for shortcut is garbled on the screen.
8	Address Book	Users created from the administrator menu can be edited from the address book.
9	File Delivery	Checkbox is misaligned in the contact selection list.
10	Two-factor authentication	Fixed so that scrolling will appear even if the "trusted device" displayed in "My information" exceeds the upper limit when setting two-step verification.

Bug Fixes (OnlineEdit)

No.	Function	Detail
1	SpreadSheet	Shapes that exist in a fixed area are not displayed.
2	SpreadSheet	At the time of replacement, the message when the character string to be searched does not hit straddles the dialog.
3	SpreadSheet	When the icon palette size becomes 2 levels, the saved message is not the same as the palette size, so you can operate the icon.
4	Document	Can't move the Table.
5	Document	Even if it hits the search, it does not hit after the second time.
6	Document	When search, an error is displayed and the search does not hit.
7	Document	Some files are not displayed with an error.
8	Document	Tables overlap when in edit state.
9	Document	Editing a text box may cause incorrect behavior.
