Functional Improve

No.	Function	Detail
1	Electronic Book Preservation Method Option	Display the transaction amount correctly if the currency unit is not set.
2	Electronic Book Preservation Method Option	Output CSV according to the items displayed on the search screen.
3	Evidence	Performance Improvements (Specify time period for initial display; Implement efficient counting query)

Bug Fixes

No.	Function	Detail
1	Login	Users may be unable to log in for the first time under certain conditions.
2	File Sharing	Files might not download in gallery view.
3	File Sharing	Lifecycle settings persist even after a space is completely deleted.
4	File Sharing	Space naming conventions aren't enforced when names are directly edited.
5	File Sharing	The duplicated space name error message might not appear even though the error has occurred.
6	File Searching	Batch download fails when selecting both spaces and files on the search screen.
7	File Searching	The "Recovery Destination" information does not always display in archive search results.
8	Query View	In some instances, creating a new view with the same name as one created by another user is not possible.
9	Public Space Settings	The URL becomes invalid when a public space is designated for a partner user.
10	Column Customizing	Column deletions are not applied even after being executed.
11	Workflow	The "pending" icon remains visible even after the workflow has expired.
12	Organization Settings	Sorting does not occur upon clicking the "System Name" column.
13	Mail Notification Settings	"All shared users" in email notifications may not appear highlighted when a user is added to the group.
14	Mail Notification Settings	Email notifications might not be configured correctly when a user is added to a registered department/position.
15	Disk Usage Limitation Settings	The error message in "Notification Settings per User" is inaccurate.
16	File Sharing Rules	The space tree fails to load with a large number of spaces, preventing configuration.
17	Evidence	Adding "number of views" or "number of downloads" to item displays might result in those items not appearing.
18	Support Settings	Clicking the "title" column does not trigger sorting.
19	Electronic Book Preservation Method Option	Improved error message when clicking on a column in search results without specifying a search criteria
20	Electronic Book Preservation Method Option	Reworded the labels for checkboxes that toggle the enable/disable setting of attribute value auto-registration.
21	Electronic Book Preservation Method Option	The workflow history screen may fail to launch.
22	Salesforce Edition	Space naming conventions are not followed when creating a space from the Fleekdrive related list.
23	Salesforce Edition	Corrected incorrect link URLs for spaces in file shares on community sites.
24	Fleekdrive Mobile (iOS)	Opening files with certain extensions is not possible.
25	Fleekdrive Mobile (iOS)	Sending specific characters in file chat causes it to freeze.
