No.	Function	Detail
1	File Sharing	File version history is not displayed correctly
2	File Sharing	User icons are not displayed in Office co-editing requests
3	File Sharing	When moving a child space under [Shared] in My Space, the space is also displayed directly under [Shared]
4	File Sharing	Files in the recycle bin are not displayed when moving a space that contains deleted files
5	File Sharing	A timestamp is appended to the space name when archiving, even if no space with the same name exists
6	File Sharing	Browser tab names are garbled when opening image-based PDFs in the viewer
7	Workflow	The [Recipient] field in the comment entry dialog is not displayed correctly
8	Dashboard	Changes made in the settings screen are not reflected on the screen
9	User Setting	Search results return 0 items when an email address is specified in the view search criteria
10	Organization Setting	Descriptions for Department/Title information are not updated
11	Space IP Address Restriction	Subspaces are not displayed when selecting a target space
12	Lifecycle Setting	Clicking the title in the Lifecycle list does not sort certain items
13	Mail Template	Modifications made via template copy are not reflected on the screen
14	Evidence	The number of items in the preview differs from the actual export when the timezone is changed
15	Electronic Books Preservation Act Option	Property items of files in deleted spaces can be changed during bulk updates
16	Electronic Books Preservation Act Option	Sorting does not work correctly after customizing columns on the search screen
17	Salesforce Edition	Files cannot be uploaded to public spaces when mandatory custom fields are set
18	Fleekdrive Desktop	File extension restrictions do not function
